[Winfield, KS, Oct 9, 2015] – Winfield Senior Living Community is helping a very special resident celebrate her 103rd birthday on Monday, October 12, 2015.

Jessie Allen was born in Kinderhook, Illinois and although she is the oldest of six children, she is the only surviving child. Jessie worked as a housekeeper at Wesley for a few years and also worked at Aero parts during WWII wiring circuit boards. She has one daughter, seven grandchildren and one great grandchild.

Jessie moved to Winfield, Kansas in 1999 so that she could be close to her daughter and says that there is a nice sense of community here. When asked if she had any advice on how to live a long life, she replied, “I guess I lived right, and I went to church every week with my family.”

Jessie’s birthday was recognized during the October birthday celebration at Winfield Senior Living this week, and her daughter plans to bring her a birthday cake on October 12th to celebrate with her. “I hope it is chocolate,” stated a staff member, “she just loves chocolate!”

“Jessie doesn’t receive much mail, but really enjoys it when she gets a card. It would be wonderful if she could receive 103 birthday cards - she would be thrilled,” said Sarah Hutchinson, social services director. If you would like to send Jessie Allen a card, please send it to: Ms. Jessie Allen, c/o Winfield Senior Living Community, 1320 Wheat Road, Winfield, KS 67156).
